Time is running out to register for FPP EDU Media's [Student Fairs and High School Visits](#) in Mexico. Recruit high-quality pre-screened students from Mexico's largest student markets next month.

In addition to our long-running Student Fairs, which have become the largest in Mexico, we're offering visits to a selection of exclusive High Schools in Mexico City, Guadalajara and Monterrey.

Over 30,000 Mexican students are currently studying abroad at the tertiary level, and almost as many are undertaking short-term programs.
